Division Memorandum
No. **324** S. 2021

**Enhancement Training-Workshop on the Development of Contextualized Instructional Materials in
Science, Math, and English**

TO: Curriculum Implementation Division
Education Program Supervisors
Public Schools District Supervisors
Elementary Schools Heads
Teachers

1. The Basic Education Learning Plan (BE-LCP) of the Schools Division of Abra ensures the continuous delivery of basic quality education amidst the crisis situation. Quality education entails complete and available learning materials which will be utilized appropriate to the current learning modality- Modular Distance Learning. The development of Self-Learning Modules (SLM) is essential at this time where face-to-face learning is suspended. SLM is a self-instructed material which learners learn at home with a limited teacher assistance or with the help of their parents/guardians. However, SLM developed and quality assured at the central office/ regional office used English as medium of instruction. This will restrict Kinder to Grade 3 pupils from learning because lessons are taught using the mother tongue. One of the features of K- 12 is inclusive. The curriculum provides the most appropriate and the best education to all kinds of learners. The whole Cordillera Administrative Region (CAR) where the province of Abra is included, is an IP region and through the Indigenous Peoples Education (IPEd) the best education is provided to its learners. Contextualization of learning materials was made possible through IPEd. Learning materials were being contextualized which will be utilized in the different indigenous communities specially for Kinder to Grade 3. The activity will be conducted on **October 14-16, 2021, at the Division Office (3rd floor conference hall), Bangued West Central School, Bangbangar Elem. School.**
1. This Enhancement Training-Workshop... aims to:
 - a. Capacitate participants on the development of contextualized instructional materials in the three learning areas – Science, Mathematics, and English.
 - b. Develop at least One (1) SLM/LAS for the first quarter which will be utilized in the different schools.
