1. Pursuant to DepEd Order No. 14, s. 2020 entitled, "Guidance on the Required Health Standards in Basic Education Offices and Schools." Schools Division of Abra prioritizes the promotion and protection of the mental health and general welfare of its personnel and learners especially this time of crises. Its importance is also highlighted through the provision of Psycho-social First Aid (PFA) programs, to wit:
 - a) To establish a culture of safety in the school (DO 21, s. 2015);
 - b) To spearhead relevant and necessary capacity building for the school in response to the massive impacts of the pandemic, earthquakes and typhoons that plague the province this year;
 - c) To improve and strengthen the mental and social resilience of all learners and school personnel; and
 - d) To track and report the progress of learning recovery and rehabilitation to the Division Office.
2. It is instructed that the Division Disaster Risk Reduction and Management (DRRM) Coordinator will monitor the provision of PFA for all learners and personnel. Likewise, reports will be included in the regular Situation Reports provided by the Disaster Risk Reduction and Management Service (DRRMS) and for interventions by DepEd and mobilization of assistance from internal partners.
3. These 202 selected schools (see Enclosure 1) are required to **conduct** the roll-out implementation of PFA anytime this month of December during their Learning Action Cell Sessions (LACs) or in their most convenient time. Schools with no trained PFA providers will involve their district and/or school nurses to serve and facilitate in this program.
